Protective service occupations Food preparation and serving related occupations Building and grounds cleaning and maintenance occupations		  	  	  	  	  		  				  					  
Personal care and service occupations Sales and related occupations Office and administrative support occupations Farming, fishing, and forestry occupations	  	  	  	  	  	  	  	  	  		  	  	  		  	  	  
Construction and extraction occupations Installation, maintenance, and repair occupations Production occupations Transportation and material moving occupations	  	  	  	  	  	  	  	  	  		  	  			  	  	  

<sup>&</sup>lt;sup>1</sup> Incidence rates represent the number of injuries and illnesses per 10,000 full-time workers and were calculated as: (N/EH) x 20,000,000 where

EH

 number of injuries and illnesses
 total hours worked by all employees during calendar year
 base for 10,000 equivalent full-time workers (working 40 hours per week, 20,000,000

50 weeks per year).

NOTE: Dashes indicate data that are not available. Because of rounding and data exclusion of nonclassifiable responses, data may not sum to the totals.
