

Table 11. Percent distribution of nonfatal occupational injuries and illnesses involving days away from work (DAFW)¹ by major industry sector and number of days, state government, South Carolina, 2021-2022

Industry Sector	Percent of cases involving								Median days
	Total cases	1 day	2 days	3 to 5 days	6 to 10 days	11 to 20 days	21 to 30 days	31 days or more	
State Government ^{2,3,4}	100.0	23.0	8.5	12.0	17.5	13.5	3.0	22.5	7
Goods producing	--	--	--	--	--	--	--	--	--
Natural resources and mining ^{2,3}	--	--	--	--	--	--	--	--	--
Construction	--	--	--	--	--	--	--	--	--
Manufacturing	--	--	--	--	--	--	--	--	--
Service providing	100.0	23.0	8.5	12.0	17.5	13.5	3.0	22.5	7
Trade transportation and utilities	--	--	--	--	--	--	--	--	--
Information	--	--	--	--	--	--	--	--	--
Financial activities	--	--	--	--	--	--	--	--	--
Professional and business services	--	--	--	--	--	--	--	--	--
Educational and health services	100.0	17.0	10.6	21.3	19.1	8.5	--	21.3	6
Leisure and hospitality	--	--	--	--	--	--	--	--	--
Other services (except public administration)	--	--	--	--	--	--	--	--	--

¹ Days-away-from-work cases include those that result in days away from work with or without job transfer or restriction.

² Excludes farms with fewer than 11 employees.

³ Data for Mining (Sector 21 in the North American Industry Classification System) include establishments not governed by the Mine Safety and Health Administration (MSHA) rules and reporting, such as those in oil and gas extraction and related support activities. Data for mining operators in coal, metal, and nonmetal mining are provided to BLS by the Mine Safety and Health Administration, U.S. Department of Labor. Independent mining contractors are excluded from the coal, metal, and nonmetal mining industries. These data do not reflect changes the Occupational Safety and Health Administration made to its recordkeeping requirements effective January 1, 2002; therefore, estimates for these industries are not comparable to estimates of other industries.

⁴ Data for employers in rail transportation are provided to BLS by the Federal Railroad Administration, U.S. Department of Transportation. These data do not reflect the changes the Occupational Safety and Health Administration made to its recordkeeping requirements effective January 1, 2002; therefore estimates for these industries are not comparable to estimates in other industries.

NOTE: Dashes indicate data that are not available. Because of rounding and data exclusion of nonclassifiable responses, data may not sum to the totals.
